

# Pit Stop Challenge

## Masterfully Crafted Racing

 90min  
120 min

 Players 10 –  
Unlimited

 Live

 Indoor  
Outdoor

Drivers, start your engines! The excitement, competition, and team spirit found at racetracks around the world find its way into your meeting when your attendees participate in Pit Stop Challenge – a purpose-driven event that gets attendees revved up and ready for anything you throw at them. Up first, put your crew together! Does your skill set make you a better Crew Chief or Driver? Who amongst you can design and who can build? It takes strategy, teamwork, and passion to build a car that’s race worthy. And that’s exactly what you must do – design and build a fully functional race car that would make NASCAR proud.

Vroom Vroom! Cars and drivers assemble at the starting line, crews do last minute tweaks, the green flag waves and they’re off! Like business, this road rally is full of obstacles. Which team has performed well enough to win? It’s a victory they’ll remember for a lifetime.
