Outdoor

SQUAD GAME, inspired by TV's "Squid Games," is a thrilling team-based activity that captures the essence of competition, action, and intrigue, all while ensuring no one dies! Each player starts with 10 LIFE MARBLES, providing numerous chances to engage. The game unfolds over 4-6 rounds, each presenting a unique challenge that tests individual and team capabilities. Success in a round grants an additional life-marble, enhancing survival prospects. Failing a round results in the loss of one life-marble, maintaining excitement until the end.

The Ultimate Squad Game Survivor is declared after the game, recognizing exceptional skills, strategic thinking, and resilience displayed throughout the challenges. SQUAD GAME delivers an immersive and exhilarating experience, where participants immerse themselves in the spirit of competition and camaraderie. Step into the world of SQUAD GAME, where the pursuit of survival merges with action, suspense, and the quest for victory, creating an unforgettable team-based adventure.
